-Parking issue - front lawn condition is atrocious due to cars needing to park there consistently. Dr. Jenkins has sent pictures of the lawn to Dr. Schiff to address this issue. Dr. Schiff has recognized our parking issue as top priority in the district. Meeting tomorrow with Dr. Schiff, 3/28 at 8:00 am allow him to see the parking mayhem in action and evaluate. Options have been discussed, including gravel to be put down on the lawn. Dr. Jenkins appreciates the parent emails with problem solving ideas for parking.

Hillsborough is a courtesy busing district - it helps tremendously if parents put their kids ON THE BUSES. We need in writing, explanations of reasons for NOT putting kids on buses. We are not equipped for the amount of drop-offs, in particular, TO school.
